

Sutton Trust Teacher Residentials

Applications open until Sunday 14 June 2015

We are running a series of two-day residential events in Cambridge for teachers at UK state sector schools and colleges this summer.

The Teacher Residentials run alongside the Sutton Trust Summer Schools for Year 12 students, offering teachers the opportunity to learn more about how to support highly able students through subject specific enrichment.

The events will include:

- observation of some student Summer School sessions
- workshops on supporting student applications to selective universities
- a chance for networking and sharing good practice with other practitioners.

The events are free to individuals and to their schools, including meals and accommodation in a Cambridge College. We are able to cover the costs of transport and to assist with costs associated with teacher release and cover, where the residentials fall in term time.

Applications are welcome from teachers at any UK state-maintained school or college.

Schools will be prioritised according to the following criteria:

- school or college below national average point score at A Level (or equivalent)
- school or college has sent few students to Cambridge in the past three years
- school or college has sent few students to the Sutton Trust Summer Schools.

The Cambridge Teacher Residentials are open to school/college staff with direct teaching responsibility for sixth form students in the subject stream for which they are applying.

Teachers do not have to have leadership responsibility within their school/college, but should be in a position to share their experiences with other staff for the benefit of their students, and their application to attend should be endorsed by a member of their school/college Senior Leadership Team.

Applications are open until Sunday 14 June 2015. Please visit our website to fill out the online form:
